

## How to Access the Community Health Survey using QR Codes

### Scanning QR Codes with an iPhone or iPad (IOS 10 or later)

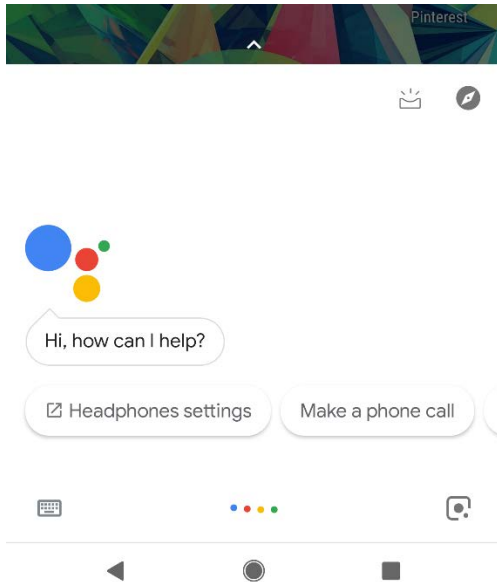

- Open the camera app
- Point the camera at the QR code
- Tap on the dialogue box that appears at the top of the screen after scanning

### Scanning QR Codes with an Android Phone or Tablet

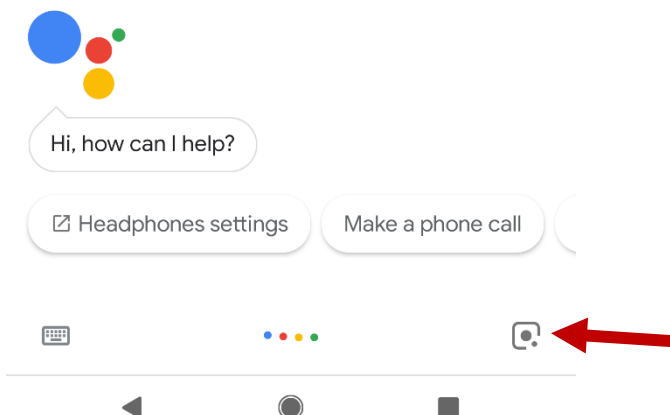

There are two options for scanning QR codes on an android phone:

1. Installing a free QR code scanning app from the Google Play Store
2. Using the built in Android Assistant

- **Open the Google Assistant Dialogue box**

- **Select the photo icon in the lower right corner**

- **Center the screen on the QR Code and tap it.**

- **Click on the link that the Google Assistant Displays**
